Deburring machine DMC M950 M3

Occasion

Référence interne : T23029

CARACTERISTIQUES:
Table height (mm): 930 mm
Maximum workpiece width for deburring (mm): 950 mm
Minimum workpiece length for polishing: 100 mm
Maximum workpiece thickness (mm): 20 mm
Minimum workpiece thickness: 0,5 mm
Conveyor speed: 0.5 to 10 mm/min

Year 2016

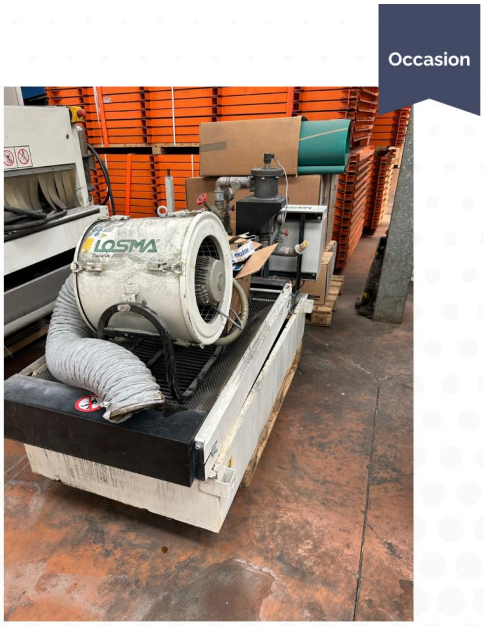

Equipment:
- Machine for deburring, grinding and satin finishing steel, stainless steel, aluminium and non-ferrous metals

Comprising:
- Hydra V-PAD touchscreen control
- Automatic thickness measuring system
- 3 abrasive belts, 950 x 2620 mm
- Wet extraction and filtration, with wet operation possible

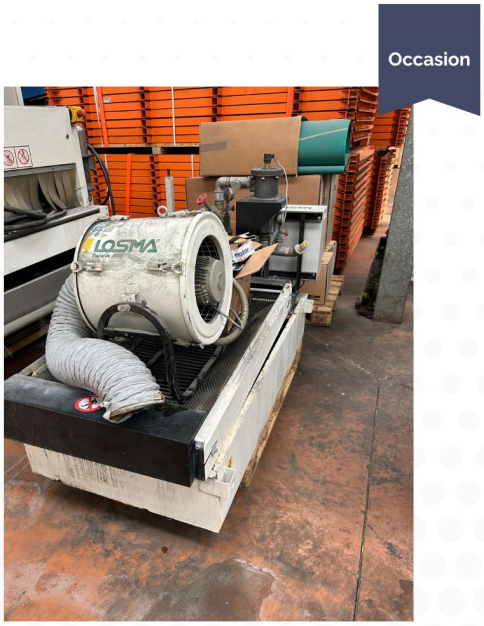

Year 2016
